- Sustainable Materials – Crystalline Materials -

Application form to register for master thesis

Ms./Mr.: _____

Student ID Number: _____

A minimum of 70 ECTS Credit Points has to be accumulated before.

The master thesis is a scientific project, in which the candidate is guided concerning topic, content and methods. It is connected to a particular field of research and it is supposed to be kept simple. The thesis is guided by two supervisors. **The first supervisor must be a member of the Crystallographic Institute of the University of Freiburg.**

The master thesis is supposed to be done at the faculty of chemistry and pharmacy, the faculty of engineering, the faculty of environment and natural resources or the faculty of mathematics and physics but always under supervision of a member of the Crystallographic Institute. Exceptions to this rule must be approved by the examination committee ("Masterprüfungsausschuss").

Titel of the Master Thesis:

Date and signature of the 1. Supervisor of the Crystallographic Institute:

Date and signature of the 2. Supervisor:

Date and signature of the student:

Start of the master thesis:
