Class Schedule M.Sc. Sustainable Materials / Crystalline Materials Sem. 3: WINTER SEMESTER 2019-2020
(regulations 2017)

	Monday	Tuesday	Wednesday	Thursday	Friday
				Technical and Applied Mineralogy / Thermal Analysis Sorgenfrei Laboratories Crystallography (Hermann-Herder-Str. 5)	
10 - 11	**X-Ray Methods / Structure Analysis by X-Ray Diffraction** Danilewsky R 01 015 (HS 209, Hermann-Herder-Str. 5) **Start: 28.10.2019**	**Methods and Concepts / Theory and Applications of X-Ray Diffractometry** Kirste R 01 015 (HS 209, Hermann-Herder-Str. 5)	**Applied Materials II / Semi-conductor Technology** Fiederle FMF Seminar room A (HS 01 011)	**Technical and Applied Mineralogy / Thermal Analysis** Sorgenfrei Laboratories Crystallography (Hermann-Herder-Str. 5)	
11 - 12	**X-Ray Methods / Structure Analysis by X-Ray Diffraction** Danilewsky R 01 015 (HS 209, Hermann-Herder-Str. 5)	**Methods and Concepts / Theory and Applications of X-Ray Diffractometry** Kirste R 01 015 (HS 209, Hermann-Herder-Str. 5)	**Applied Materials II / Semi-conductor Technology** Fiederle FMF Seminar room A (HS 01 011)	**X-Ray Methods / Defect Analysis by Diffraction** Danilewsky R 01 015 (HS 209, Hermann-Herder-Str. 5)	
12 - 13	**Field Trips and Seminars / Advanced Seminar on In-House Research** Fiederle, Danilewsky R 01 015 (HS 209, Hermann-Herder-Str. 5)	**Applied Materials II / Electrical Characterization of Crystals and Devices** Fiederle Laboratories Crystallography/ FMF	**Field Trips and Seminars / Seminar: Recent Publications** Remhof R 01 015 (HS 209, Hermann-Herder-Str. 5)		
13 - 14		**Applied Materials II / Electrical Characterization of Crystals and Devices** Fiederle Laboratories Crystallography/ FMF	**Field Trips and Seminars / Seminar: Recent Publications** Remhof R 01 015 (HS 209, Hermann-Herder-Str. 5)		
14 - 15	**Sustainability / Material Life Cycles** Hiermaier, Ganzenmüller, Kilchert Seminarraum 01-009/013 (Georg-Köhler-Allee 101)	**Applied Materials II / Electrical Characterization of Crystals and Devices** Fiederle Laboratories Crystallography/ FMF	**Technical and Applied Mineralogy / Modern Ceramics, Cements, and Glasses** Vogt R 01 015 (HS 209, Hermann-Herder-Str. 5)		
15 - 16	**Sustainability / Material Life Cycles** Hiermaier, Ganzenmüller, Kilchert Seminarraum 01-009/013 (Georg-Köhler-Allee 101)		**Technical and Applied Mineralogy / Modern Ceramics, Cements, and Glasses** Vogt R 01 015 (HS 209, Hermann-Herder-Str. 5)		

16 - 17					
17 - 18		**Crystallographic Colloquium** All Staff *By arrangement, see black board* **HS I (Albertstr. 23 b)**			
18 - 19		**Crystallographic Colloquium** All Staff *By arrangement, see black board* **HS I (Albertstr. 23 b)**			

25.06.2020

+ "Methods and Concepts / Industrial Internship" * (Prof. Dr. Danilewsky)

by arrangement

+ "Field Trips and Seminars / Field Trips to Industrial Facilities" * (Prof. Dr. Danilewsky)

by arrangement

*** Within this module several courses can be selected. For further information please see the current module guide book.**
